

**APPLICATION FOR THE CORRELATION OF A DIESEL SMOKE METER (DSM) TO DVSA SPECIFICATION FOR DIESEL SMOKE METERS**

Name of DSM Manufacturer:		
Name of UK Agent, if different:		
Manufacturer/Agent address to which our invoice will be sent:		
Tel No:		
Fax No:		
E-mail:		
Make/Model Identification Number(s):		
Vehicle Category the equipment is intended to test: (A, B, or both)		
Correlation testing fees		Category A = £17,450 + VAT Category B = £18,450 + VAT Category A & B = £20,170 + VAT

Please note that correlation testing will be conducted at the GEA test facility according to section 8.4 of the DVSA specification for diesel smoke meters (MOT/08/19/01). Please read the specification which is available on the GEA website.

The time allocated for testing is 5 days, which includes set-up and clear-down time, if further testing is required, this will be charged at a daily rate of £1,500 per day for category A and £1,860 per day for category B. (The charge for category B may be reduced if no further vehicle rental is required).

In order for the GEA to arrange testing, the hire of various vehicles and facilities will need to be pre-arranged, for this reason the GEA will invoice for 50% of the testing fee in advance. This invoice should be settled before testing can be arranged.

On behalf of the above named Company I request correlation testing of the equipment named above in accordance with the DVSA's specification for diesel smoke meters (MOT/08/19/01).
