

ROLLER BRAKE TESTER (RBT) – ACCEPTED UNITS FOR AUTHORISED TESTING FACILITIES (ATFs)

With each Roller Brake Tester (RBT) there must be a copy of the GEA “Certificate of Acceptance” (provided by the equipment manufacturer/supplier) detailing make/model, serial number and the ATF details. Please note that the GEA has provided this information as a guide only, so always check with your RBT supplier before purchasing equipment. For details of suppliers of RBTs please return to our Home Page, select “Members Directory” and click on “Brake Testers”.

The following RBT’s are acceptable for use in HGV/PSV Authorised Testing Facilities.

| The equipment listed in this table is CURRENT which means that it meets DVSA specification and is supported by the equipment manufacturer; therefore, replacement equipment or equipment purchased for new ATF applications should be selected from this list. | | | | | |
|---|--------------------------|---------------------------------------|----------------|---------------|----------------------|
| MAKE/BRAND | MODEL | EQUIPMENT IDENTIFICATION NUMBER (EIN) | TEST LANE TYPE | VEHICLE CLASS | ATF Software Version |
